NOTES

1. The statutory members of AFSEC are the National Electrotechnical Committees (NECs). An annual membership fee is applicable, and they are entitled to vote on matters when AFSEC procedures require voting. If a country's NEC is already a member of the IEC, that same committee would be eligible to be the member of AFSEC. Information about the structure and functioning of national electrotechnical committees can be obtained from the Secretariat.
2. Affiliate members do not vote but can participate in all committees. They are not required to pay a membership fee; however voluntary contributions from affiliate members are encouraged.

Please return the completed application form and send it to the AFSEC Secretariat
Email: secretariat@afsec-africa.org

I acknowledge receipt of a copy of the statutes and rules of procedures of AFSEC on behalf of the organization applying for membership, and confirm that it is the intention of this organization to fulfil all its obligations as a member of AFSEC and to promote its aims.
